COMMENTS:

Congratulations to all the MCNA entries in the Best in Class 10,000+ circulation category. At a time when local journalism matters more than it ever has, newspapers in this category continue to provide a vital role to their respective communities.

I have judged this category for several years, and this is definitely the best looking group of papers I have seen. What a way to begin the MCNA's second century! Of particular note were the engaging front pages every entry had in the September 2019 category.

The Winnipeg regional newspapers had a fresh look for September and it showed.

The writing in the top few entries continues to be strong.
